The abstract must be prepared in A4 format (297x210 mm). The manuscript file must be in an editable format, preferably Microsoft Word. The submission of pdf files is not allowed. Times New Roman should be used for the entire document.

The use of this Template for the abstract preparation is strongly encouraged! The name of the final abstract file should be the same as the title of the abstract.

The title of the contribution should be centred and written in bold script, font size 14 pt. This should be followed by a 12 pt space before the author's/authors' name(s). The name(s) should be centred, written in 12 pt, normal script and given in the following order: given name, (initials) and surname. Affiliations should be centred, written in 11 pt, and include at least the name of the institution, city and country.

There should be a 24 pt vertical space before the main body of the abstract. The body text should be single spaced and fully justified, in 12 pt, normal script, with paragraphs separated by a 12 pt space. No headings or subheadings should be used in the abstract. We expect all texts to be written in good English and that grammar and spelling have been checked before submission. No figures, tables, equations or references should be included. Abbreviations and acronyms must be clearly defined.

The abstract should be 400-500 words. The abstract should outline the purpose of the research, methodology, data, results, conclusions and implications.

The main body of the text is to be followed by the keywords, with a 24 pt space between. At least one keyword and a maximum of five keywords must be given. Keywords should be in
